

For Immediate Release

Southwest Contractor Announces Best of 2009 Nevada Award Winners

Las Vegas – October 2, 2009 – [Southwest Contractor](#), a leading construction industry publication serving the Southwest since 1938, is pleased to announce the winners of its **Best of 2009 Awards** for Nevada. The annual competition, now in its 12th year, recognizes construction and design excellence in separate award ceremonies for Nevada, Arizona and New Mexico.

An independent jury comprised of design and construction professionals reviewed more than 60 entries in this year's Nevada competition. After carefully scoring each project and engaging in intense discussion, the jury arrived at 21 winning projects in categories such as Best Green Building and Best Transportation Project.

"The judges considered a variety of criteria for each project, from teamwork and safety to innovation and aesthetics," says Scott Blair, senior editor of *Southwest Contractor*. "Several close contests were decided by which project provided the greatest social or economic benefit to the community."

The winners will be profiled in detail in the December issue of *Southwest Contractor* and on www.southwest.construction.com. In addition, project teams will be honored during an awards ceremony held at the Renaissance Las Vegas Hotel on Thursday, December 17th. To register, please visit construction.com/events/bestof2009/

Top winners in each category will move on to the national Best of the Best 2009 competition. Those winners will be announced later this year in *Engineering News-Record* and at www.southwest.construction.com. *Southwest Contractor* is part of McGraw-Hill Construction's network of Regional Construction Publications.
